TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Rate Schedule are share (savings) accounts.

- 1. Par Value.** The minimum required to open and maintain an account is the purchase of a \$5.00 par value of share in the credit union.
- 2. Rate Information.** The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. The Dividend Rate and APY may change quarterly as determined by the Credit Union's Board of Directors for Share Savings, Club Accounts and IRA Savings Accounts. The Dividend Rate and APY may change monthly as determined by the Credit Union's Board of Directors for Money Market, Interest and Senior Checking accounts. The Share Savings Account is a Tiered Rate Account. The daily balance method is calculated by the application of a daily periodic rate to the full amount of principal in the account each day. The first Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$0.01 to \$499.99. The second Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$500.00 to \$1,999.99. The third Dividend Rate and APY listed for this account will apply if your account balance is from \$2,000.00 to \$9,999.99. The fourth Dividend Rate and APY listed for this account will apply if your account balance is from \$10,000.00 to \$49,999.99. Once a particular balance range is met, the Dividend Rate and Annual Yield for that balance range will apply to the full balance of your account. The Money Market Account offers two tiers. The first Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$1,000.00 to \$9,999.99. The second Dividend Rate and APY listed for this account will apply if your account balance is \$10,000.00 and over. Once a particular balance range is met, the Dividend Rate and APY for that balance range will apply to the full balance of your account. The Dividend Rates and APYs are the rates and yields as of the last dividend declaration date which is set forth in the Rate Schedule. The High Rate Share Savings Account is a Split-rate Tiered Rate Account. The daily balance method is calculated by the application of a daily periodic rate to the portion of the balance of the account in each tier each day. The first Dividend Rate and APY listed for this account in the Rate Schedule will be paid if your account balance is \$0.01 to \$500.00. The second Dividend Rate and APY range listed for this account in the Rate Schedule will be paid only on the portion of your daily balance between \$500.01 to \$9,999.99 depending on the balance in the account. The third Dividend Rate and APY range listed for this account in the Rate Schedule will be paid only on the portion of your daily balance between \$10,000.00 to \$250,000.00 depending on the balance in the account.
- 3. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
- 4. Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. If you close your account before dividends are paid, you will not receive the accrued dividends.
- 5. Accrual of Dividends.** For Share Savings, Club, IRA Savings, Interest and Senior Checking and Money Market Accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account.
- 6. Dividend Period.** *For these account types, the dividend period is quarterly, for example, the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is March 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is April 1. **For these account types, the dividend period is monthly, for example, the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is February 1.
- 7. Balance Information.** The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Share Savings Accounts, a minimum balance of \$5.00 must be maintained. For Share Savings, Interest and Senior Checking and Money Market Accounts, there is a minimum daily balance required to earn the stated APY for the dividend period. If the minimum daily balance is not met, you will not earn the stated APY and will not earn interest. For Share Savings, Club, IRA Savings, Interest and Senior Checking and MoneyMarket Accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.
- 8. Account Limitations.** For Share Savings, Club and Money Market Accounts, no more than six (6) preauthorized, automatic, internet or telephone transfers may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed. For a Holiday Club Share account, the entire balance will be transferred to your Share Savings Account on or after October 5 and the account will remain open. For a Vacation Club Share account, the entire balance will be transferred to your Share Savings Account on or after May 5 and the account will remain open. For a Summer Savers Club Account, the account balance will be transferred to your

regular Share Account in four equal distributions on or after July 15th, July 30th, August 15, and August 30th and the account will remain open. You will be charged a withdrawal fee of \$10.00 for any early withdrawal from a Holiday, Vacation or Summer Savings Club Account. For Money Market Accounts, six (6) withdrawals per month are allowed. For IRA Savings, Interest and Senior and Basic Checking Accounts, no account limitations apply.

9. Inactivity. For all accounts that have not been utilized in 180 days or longer and contain less than \$5.00 these accounts may be closed within 30 days after notice of inactivity.
